y at Columbus, with John Morgan, were Captains t, Shelden, Hair es, Hacket, Smith and Magee.

Morgan, on restring, arranged with his brother

or is exchange cells, from the top one to the lower one is the first floor. The lower cell is two and a balf mobes orty escaped into the open country. The night was

the slightest clue has been discovered of their orbests or the route they have taken. The Gover. telegraphed all Military Committees of the State arcuse their several counties, and Col. Parrett, the

r has telegraphed all Military Committees of the State in the reveal their several counties, and Cel Farrett, the reveal Marshal deneral of the State, has notified every revest Marshal within his jurisdiction to scour their reveral denrices thereughly to recapture the rebels. The meas plausible theory mentiones is, that they especial their test has the Cincinnati train via Rayton, such started from Columbus at two o'clock on Saturday termor. That their examps was consived at by sympa-more that their examps was consived at by sympa-more than after all it was simple enough when based geodesis, but after all it was simple enough when based poor his almost certain theory that they were correctly becaused as to the ground they had to work through bey, by paleant laber for mearly four weeks, by means small pecket knives, dug through the floors of eir cells composed of about one foot of steme and ick, down into a four foot sever.

They weeks age one of the escapad prisoners asked the and for a tew boards to cover the battom of the cells, ving as an excesse that the damp steme was injuring our health. The unsuspicious guard granted their recent. The boards were used to cover up the boles they recently the first had encape, on regard to their several cells, blek Morgan managed to ange with his brother John from the upper to the lower the After getting into the sewer they crawled to the heavy

After getting into the sower they crawled to the heavy grating and masenry at its mouth, and found they could not eccape by that route. They, however, made a hole upward to a breavy pile of coal, which rolled in on them so such an extent that they were forced to go further back into the yard.

They then expanded the soft earth clear under the main wall, and so correctly was the distance calculated that they came out into the one roud one foot from the foundation. One of the party, Capiain Haines, was by trade a brick mason, and seems to have had the management of the whole affair. A note signed by that worthy, written in a fine commercial hand, was left behind. It reads so follows:

as follows:—

Casha Manon, Chil No. 20, Nov. 27, 1863.
To Captain Menon, Warden of the Penitentiary.—
Commencement. November 4, 1863. Conclusion—November 20, 1863. Number of hours of labor per day—
Three. Teoles—Two email knives.
Le patience est omere mair sen fruit est dour.
Thankletien—Patience is butter, but its fruit is sweet.
By order of my six honorable Confederates.

Captain Confederate States Army.
Public opinion is divided as to where the blame really rests. It is proper to state, however, that for the last two weeks several of the most prominent copperheads of the State Lave been putting up at the principal hotels and loying their heads together, without any visible reason therefor.

Morgan's Arrival at Toronto. Tomonio, Canada, Nev. 30, 1883.

John D. Mergan arrived here by the Great Western

OF THE POOR POOR ANT .-- An inquest was held

Harmson's OF HER POOK POWERNY.—An inquest was held enterday by Coroner Widey upon the body of a shild acted Michael Trog, who died from exhaustion, caused, at the jury believed, from lack of nourishment on the pip Cyposure, during the tate voyage from Liverpool, be mother of the infant testified that her family had not sufficiency of food on the voyage, and that they were on all allowance of water. She also stated that none but be cabin passengers, or those who had money, could get tought to cat or drink, and that in consequence of this rivation, together with the fifthy condition of the vosed, nallpox broke out among the carsengers, and twenty-se of them died. The ship had a rough passage of about the weeks, and there was so much sickness on board here she arrived that the authorities detained her six typs at Quarantine.

girl who was shot by her lover several weeks ago and ded on the 29th nit, after being discharged from the hos-nital, provest to have died from pneumonia. Coronor Wildey beld an imposed upon the body yesterday, and discharged ber his assailant from custody, there being no blame at-tached to him.

from the Reformed Protestant Duich church, Fifth avenue, corner Twenty-ainth street, this (Toesday) morning, at eleven o'clock. ORITTARY.

On November 2, Thronous D. Junna died in this city. He reached New York on the California ateamer, sorely stricken with fever, barely a week before his spirit took, its flight. Sudden and inscrutable Providence. In the unit mash of health when he left the Pacific costs, with the most fistlering prospects, how little imagined his trends when he base them 'goodby.' how little did he teat that he was going home to die. In the prime of manhood, his rare energies about to realize a just reward, food saw if it to take him from his uninsmed work. He pussessed a gifted and versatile mind: but it was in the science of civil eignoering that he excelled. He was the chief engineer of the Pacific Raifroad in California. He surveyed and constructed the first raifroad in that State—that of the "Sacramonto Valley." His labors among the hierra Nevada Mountains—through their lonely ravines, rugged slopes, and over their snow-clast among the hierra Nevada Mountains—through their lonely ravines, rugged slopes, and over their snow-clast peaks—protracted during many menths and years, to discover the most practicable and pleasant passage for the iron horse, were usromiting and produgious till full success was attained. His published reports upon the subject, which have been from time to rime submitted for the information of congress and the Legislature of the "Golden State," abundantly testify to the rare abulity and genius which marked all he did in the department, "But had genius which marked all he did in the department, and produgious and ecognized by all. Theodore rudah was the sone of an Episcojal clercyman, who died at a comparatively early age, by whose estimable widow a numerous Gamily of some and daughters was trained, as only an extreet. It is much for any mother to say of her son, as she decoming the list much for any mother by any of her son, as she decoming the list much for any moth

Parties at a distance are requested to give these Segars a
trial. Sample buses, parable on offirery, sent by express
Prices vary from \$25 to \$20 per thousand. To guarantee
the gubble against spurious initiations no travelling agents
will be employed. The high price of gold and increase of
the tariff have created in the community the want of a good
segar at a reasonable price. This want can now be suppried. Cyll at or address the aspect on above.

TORABTS AND SKIRTS, AT GAYNOR'S.
